LETTER OF RECOMMENDATION FOR CONCRETE FEET FIRST AID STICK

August 30, 2013

To whom it may concern:

Our company Alabama Family Foot Clinic PC prides itself on offering the highest quality care and product to our patients.

We have seen excellent results for calluses and dry skin issues on our patients that use Concrete Feet First Aid Stick. We highly recommend and endorse this all natural alternative product to anyone that suffers from cracked heels, calluses or dry skin.

Kindest regards

A handwritten signature in black ink, appearing to read "John Padula", written over a horizontal line.

John Padula, DPM
